

SENIOR 1080 FOLDING GOAL

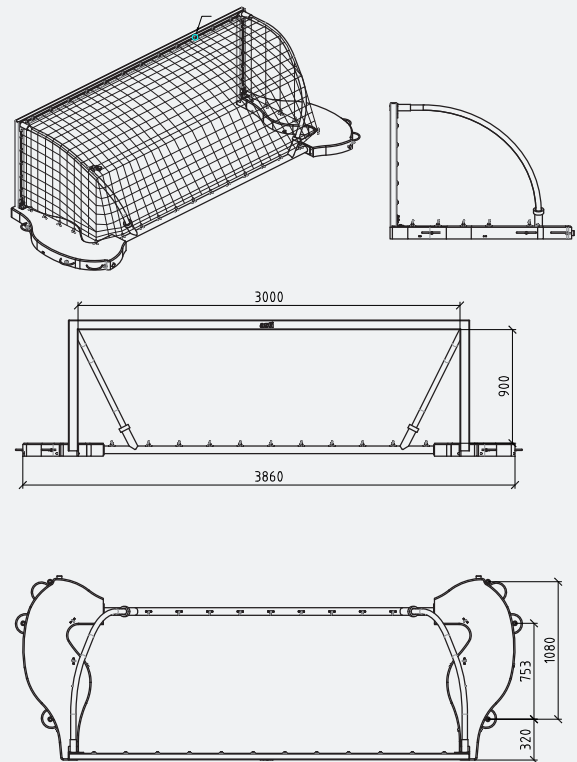

Full-sized folding pro goal

The Anti Wave Senior Folding Pro Goal 1080 is a full-sized FINA Approved competition polo goal, dimensionally the same as the Anti Pro Goal 1080, with the added benefit that it folds flat for easy pool side storage and movement. Easy to erect and put down - to fold just pull the rear arms out of their sockets and fold down the front frame for storage.

- Full-sized competition folding goal
- Fabricated from custom powder coated aluminium extrusions and hand-laid fibreglass floats for durability
- Front frame dimensions: 3m x .9m
- Meets all relevant FINA and LEN competition specifications
- Net is heavy duty, polypropylene cord, knotted at every intersection
- Durable EVA closed cell foam floatation elements
- External carry handles assist with safe and easy pool deck transportation
- Nylon pool edge bumpers on rear of goal prevent chipping of pool tiles and guttering
- Open corner net configuration to reduce ball rebound
- Anti net clip for easy net installation
