

# LADDERS & RAILS

# ladders & rails

## UNIQUE DESIGN ELEMENTS THAT MAKE A POOL SPECIAL

When you choose S.R.Smith, you are choosing ladders and rails that can turn an ordinary pool into the extraordinary. From standard to custom, in a wide range of finishes, our rails can add both form and function to any pool.

- Polished 38mm & 50mm OD Tubing
- 316L Marine Grade Stainless Steel
- 1.6mm wall thickness

## CUSTOM RAILS—ANY SIZE OR SHAPE

Whether it's a minor variation to one of our standard rail configurations, or something from your own imagination, look to S.R.Smith to help make your vision a reality. S.R.Smith keeps your project on track with the fastest turnaround time in the industry.

## FINISH WITH DURABILITY & STYLE

A variety of finish options are available which provide a higher level of protection to our marine grade stainless steel rails and ladders. Coatings are available in a variety of colors, as well as a clear finish option.

**SRS ClearShield™ Coating**— a thin film ceramic coated clear finish with superior impact, scratch and corrosion resistance.

**Powder Coating**—durable finish that is easy to maintain, corrosion and scratch resistant.

**SealedSteel®**— housed in a protective coating that virtually eliminates corrosion, and stays cool to the touch, even in extreme temperatures.

*\*SealedSteel cannot be used in spas and pools where the water temperature exceeds 40° C*

*Due to printing technology, actual colors may vary.*

**WetTraction®** Increased traction when wet. No more slippery rails.

Thermoplastic coating fully encapsulates stainless steel to lock out corrosion.

## DESIGNER RAILS

Artisan and Meridian Designer Rails and Ladders provide an elegant, custom look for residential and commercial swimming pools.

- 50mm OD Tubing
- 316L Marine Grade Stainless Steel
- 1.6mm wall thickness
